

Estimated number of hearings using audio and video in courts and tribunals, March-April 2020

HMCTS (2020)

Note: Figures rounded to the nearest 50. Face-to-face figures not available between 19 March and 30 March. These figures are based on operational reports from individual courts and tribunals during a period of intense urgent activity, as a result HMCTS cannot verify their accuracy. Consequently, they should be interpreted with great care.
